

Interior Design II

Unit 2: Architectural
Features & Styles

Day 1

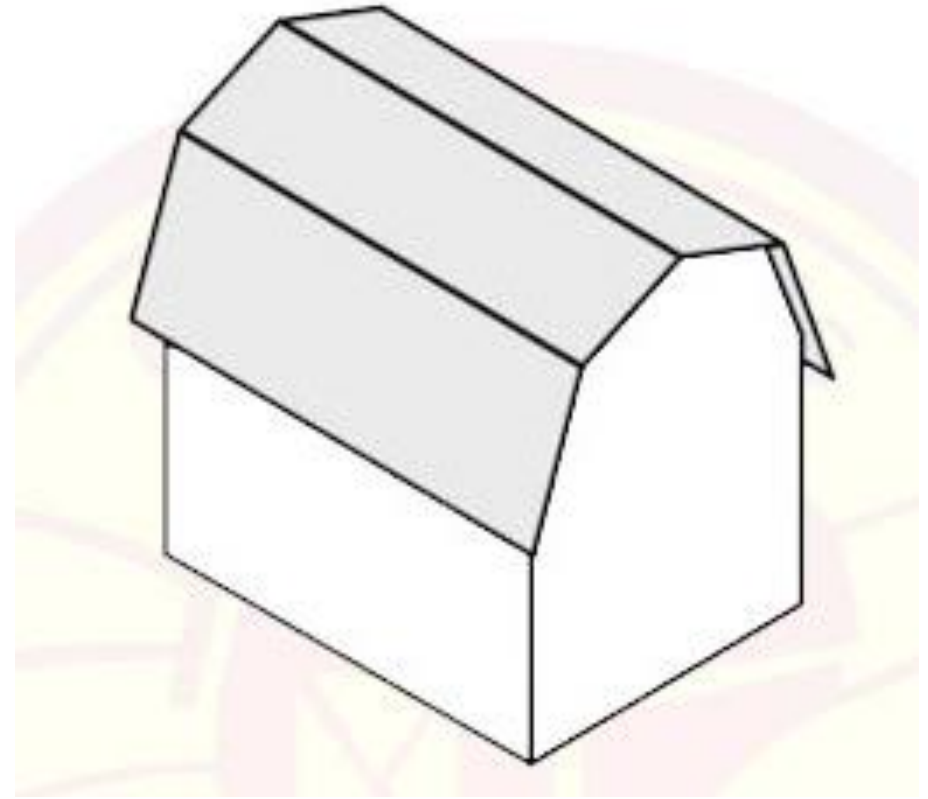

Roof Styles

Gable

A roof with two sloping sides and a gable at each end.

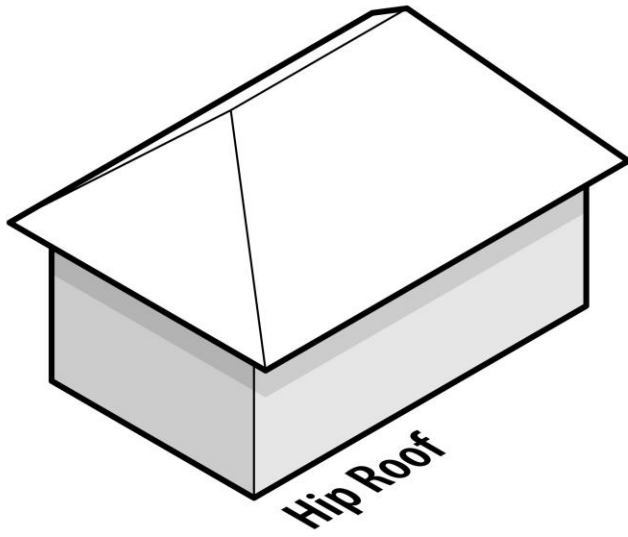

Gambrel

A gable roof with two slopes on each side and the lower slope being steeper.

Hip

A roof with sloping ends and sloping sides.

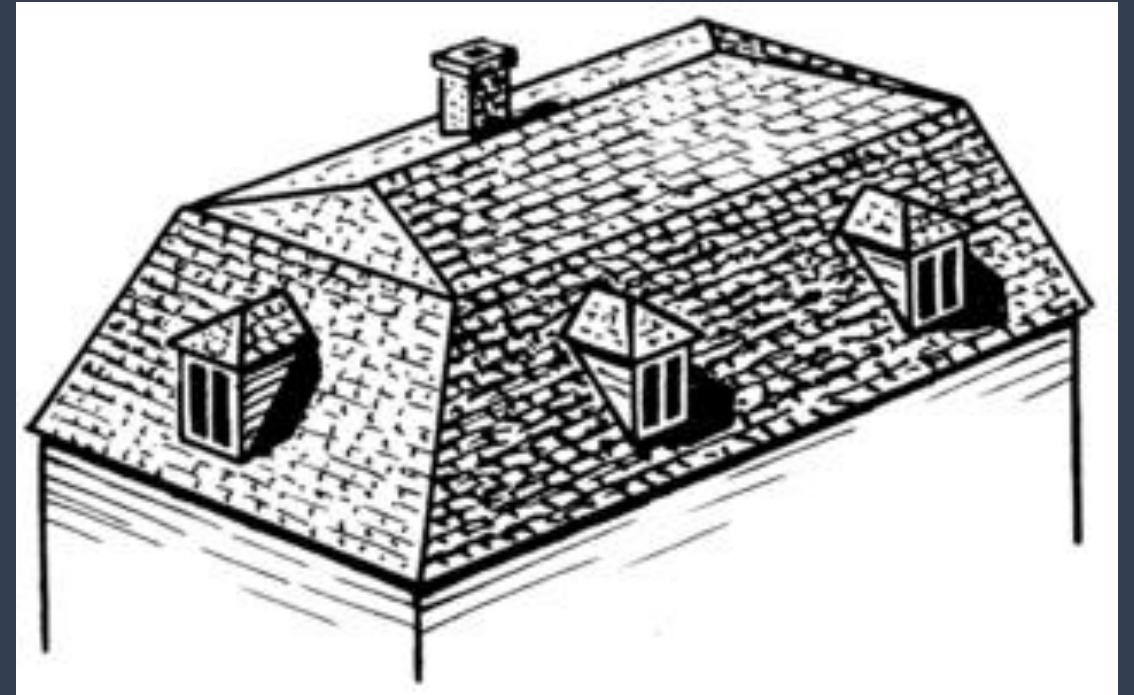

Flat

A roof that is horizontal or nearly horizontal.

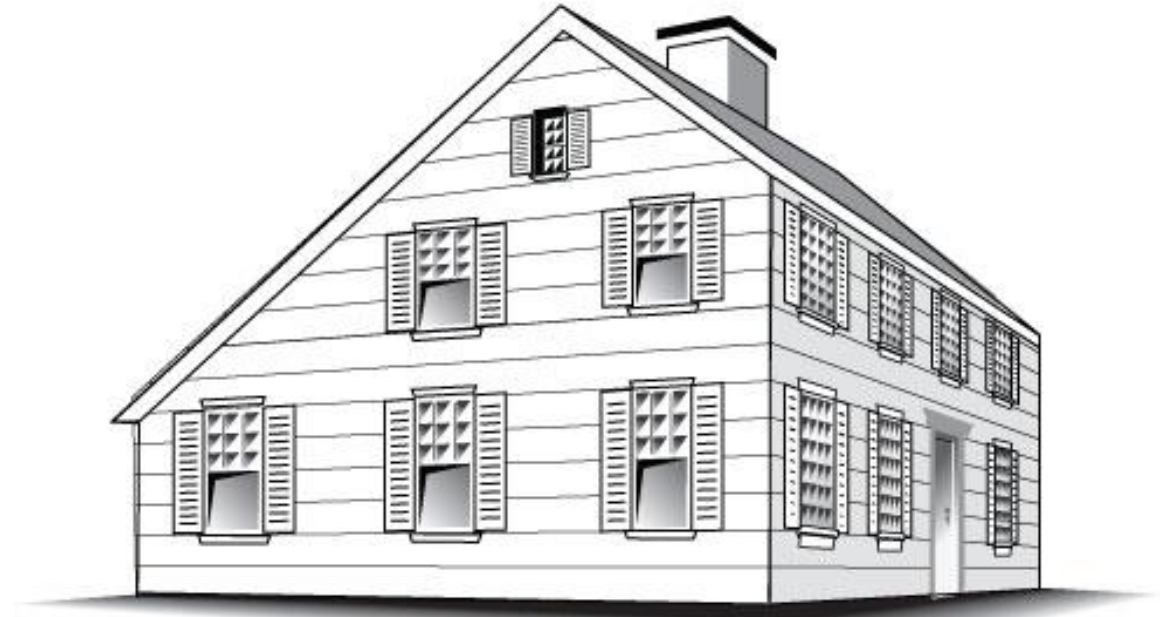

Mansard

A hipped roof with two pitches, the bottom pitch is very steep and the top pitch flatter, so it is usually not seen from the ground.

Salt Box

A gabled roof with one slope that is longer and lower than the other.

MyOutdoorPlans.com

Shed

A roof with a single slope.

Assignment: Smash Books

1

In the notebook that Hobbs provided you write down all of the roof styles with an explanation of each style.

2

Hint: use your notes 😊

3

Cut out the picture of each roof style from the handout provided and paste on the paper next to the explanation.

4

Draw a sketch next to the picture you pasted. Draw this as nicely as possible. It doesn't have to be a work of art but it also doesn't need to look like garbage.

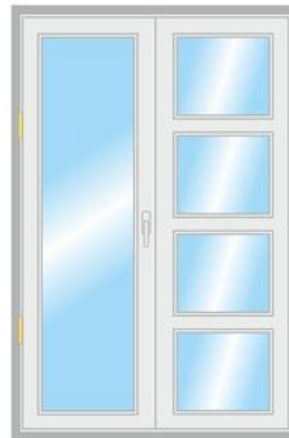

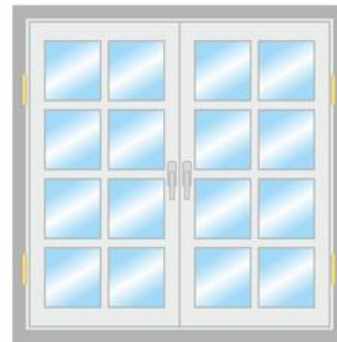

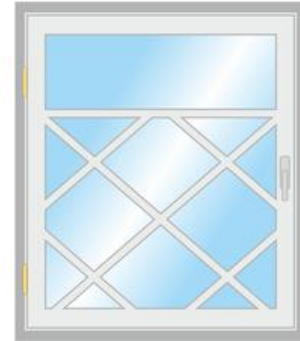

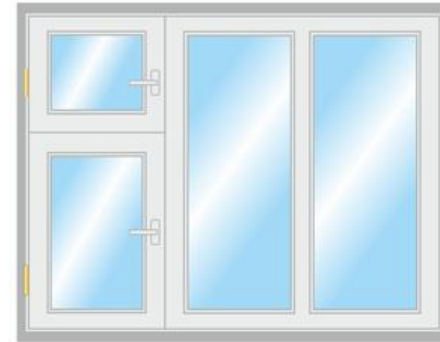

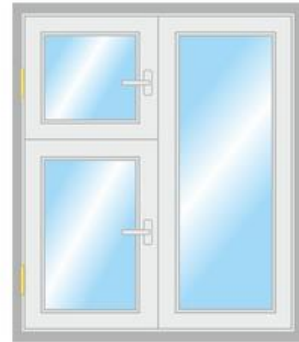

Assignment Part II

- You will need to drive around and take picture of different roof style that you see.
- There are 8 different roof styles that we discussed. You need to find 5.
- Put the 5 styles that you take pictures of into a PowerPoint presentation.
- Title each slide the name of the roof style.
- Send the PowerPoint to me in an email: MHOBBS@dsdmail.net

Due 2 weeks from today!

Day 2

Windows

Casement Window

A side-hinged window that swings in or out.

French Casement

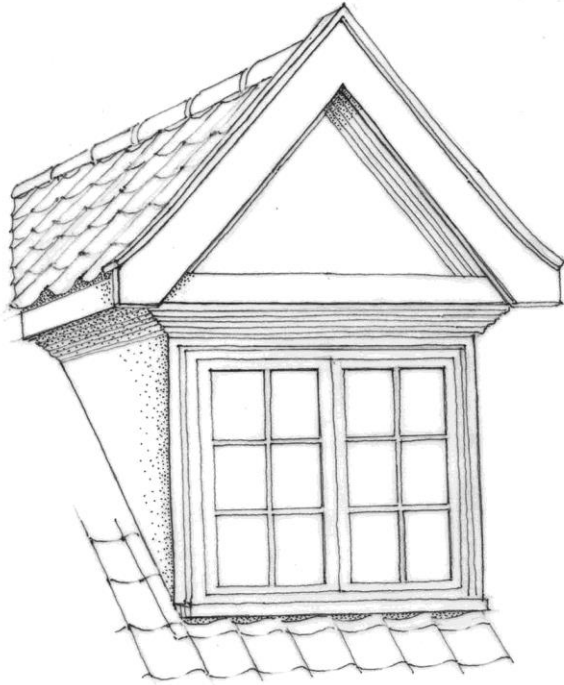

Double-Hung Window

Sash window where both sections are operable.

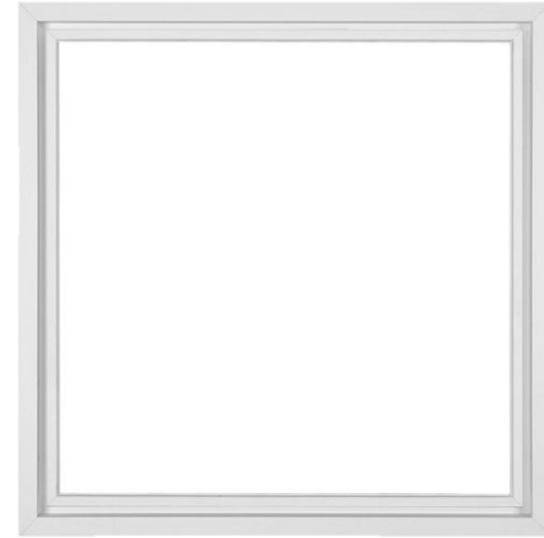

Dormer Window

A window that projects from the attic.

Picture Window

A large window consisting of one pane of glass.

Bay Window

A window built to project outward from an outside wall in a square or rectangular configuration.

Bow Window

A curved projecting window.

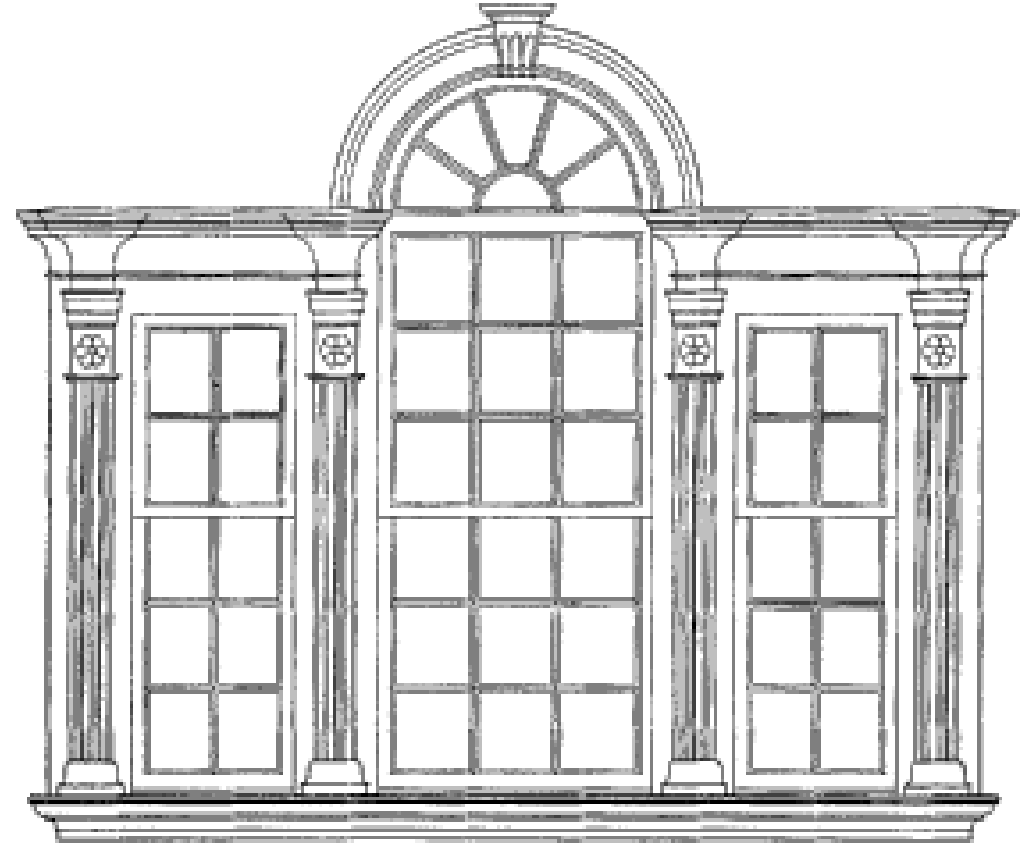

Bay Window

Bow Window

Palladian Window

A fan/half rounded window centered above three rectangular windows.

Skylight Window

A window set into the roof and ceiling.

Fan/Half-Round Window

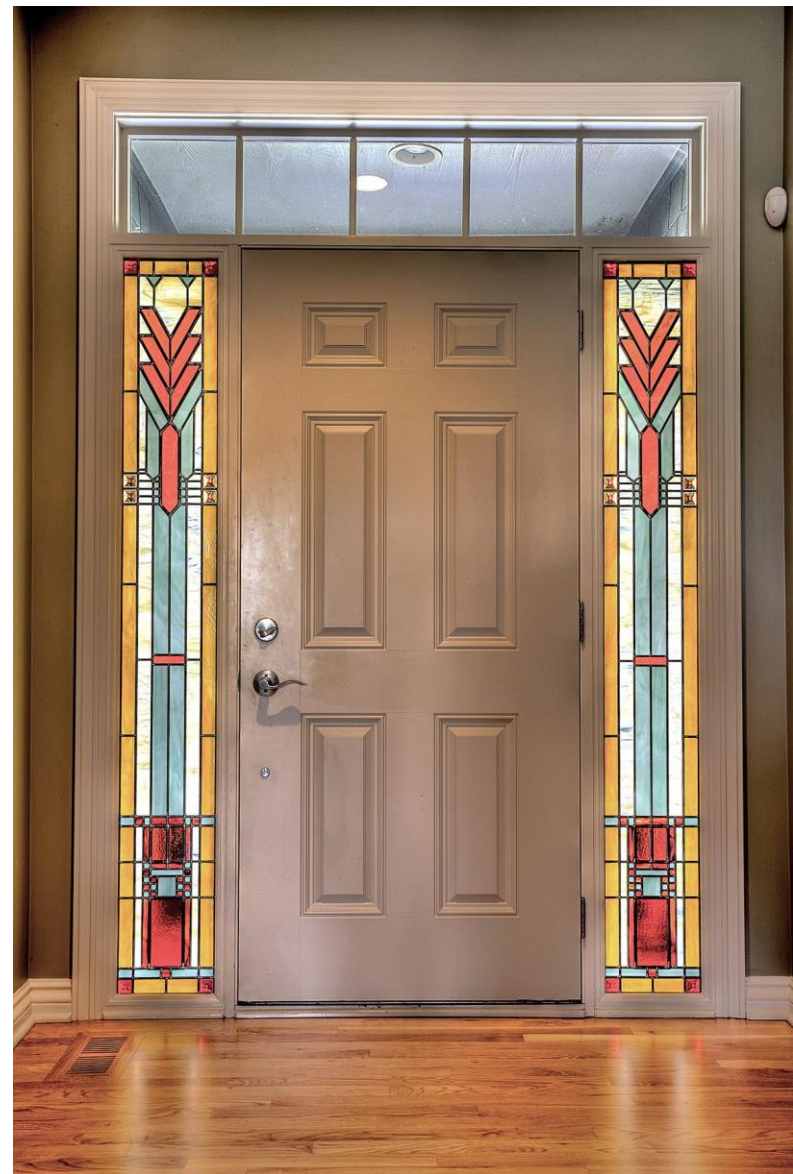

A half-circle shaped window usually placed above a door or in a pediment.

Sidelight Window

A vertical, narrow row of windows used on one or both sides of a door.

Sliding Window

Windows that slide horizontally.

Assignment: Smash Books

1

In the notebook that Hobbs provided you write down all of the window styles with an explanation of each style.

2

Hint: use your notes 😊

3

Cut out the picture of each window style from the handout provided and paste on the paper next to the explanation.

4

Draw a sketch next to the picture you pasted. Draw this as nicely as possible. It doesn't have to be a work of art but it also doesn't need to look like garbage.

Assignment Part II

- See how many different types of windows you have in your house.
- There are 11 different window styles that we discussed. Find as many as you can.
- Take a photo of each window that you find.
- Put the different styles that you take pictures of into a PowerPoint presentation.
- Title each slide the type of window that is in the picture.
- Email the finished PowerPoint to me MHOBBS@dsdmail.net

Due 1 week from today!

Day 3

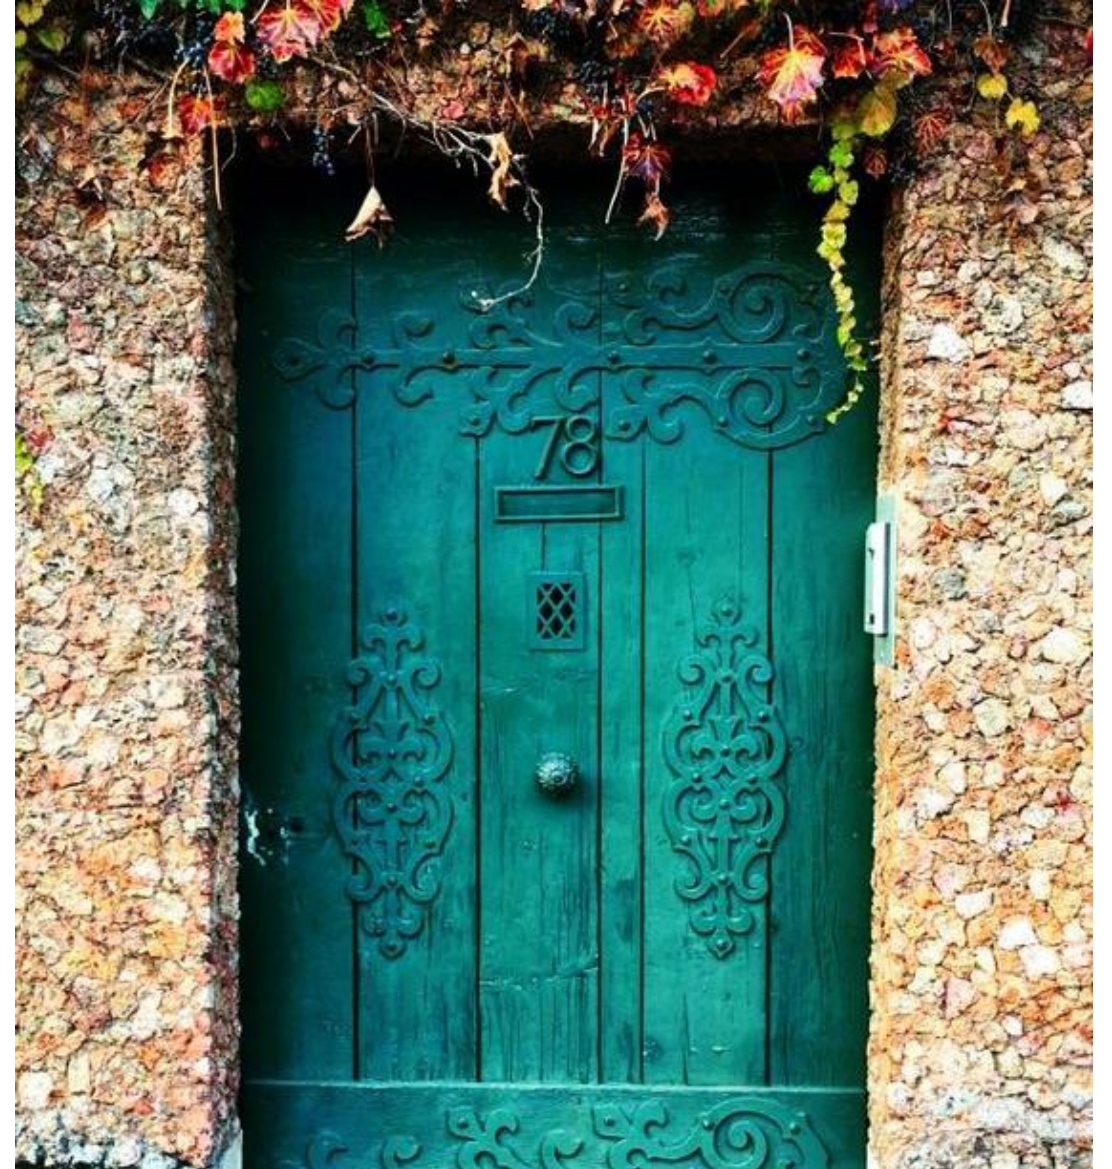

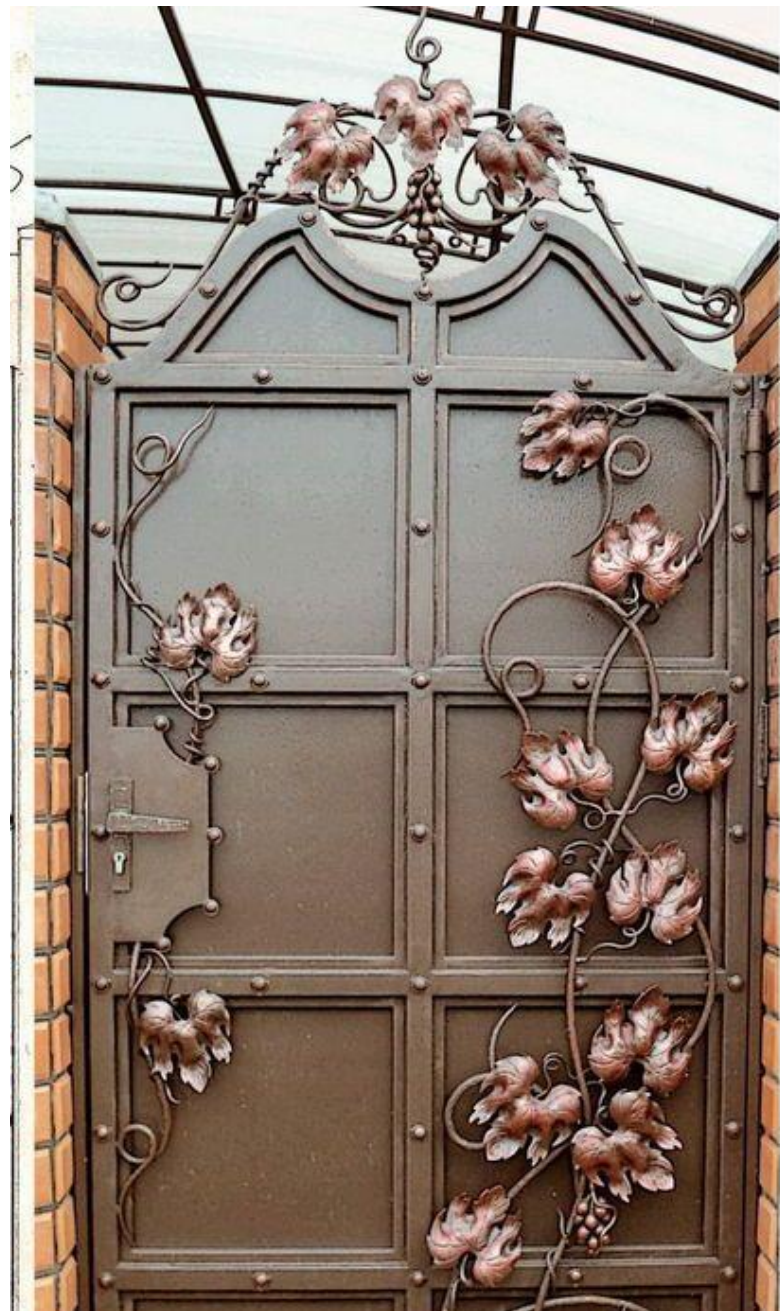

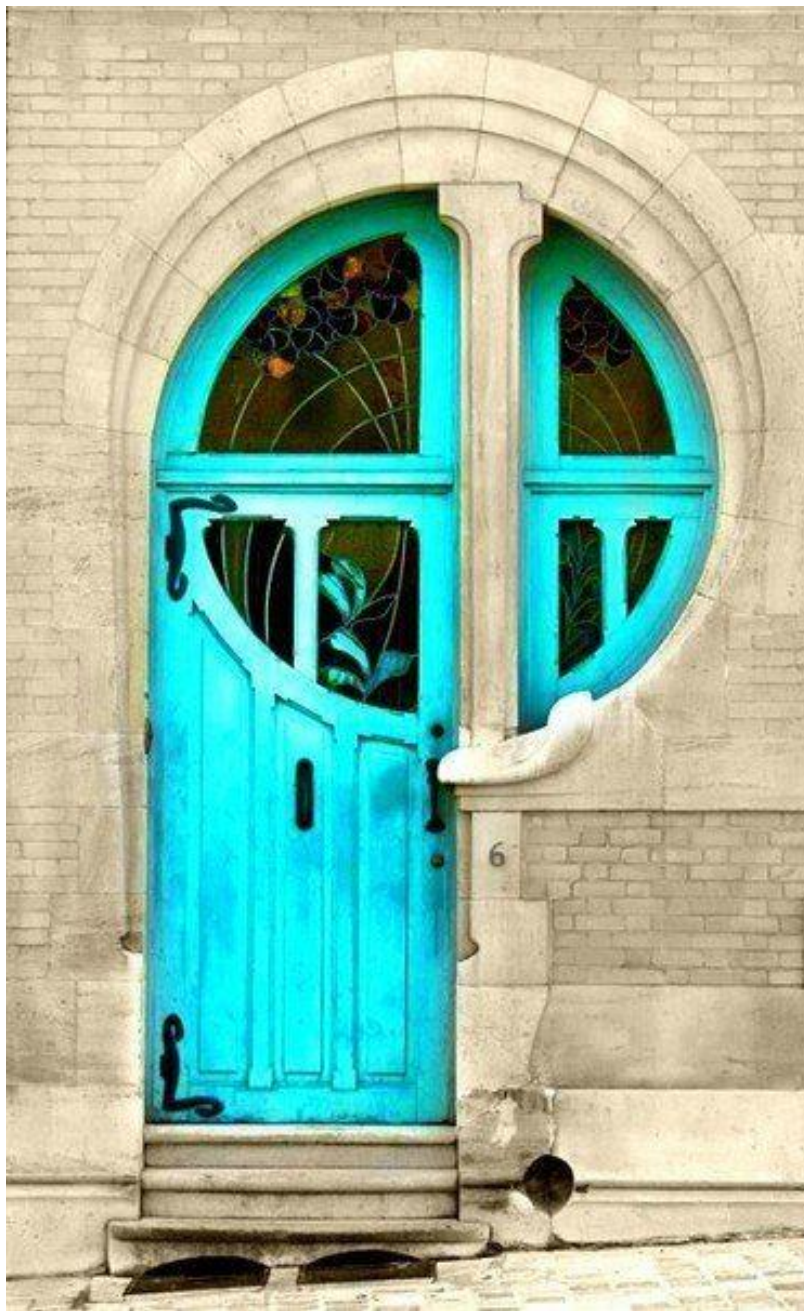

Doors |

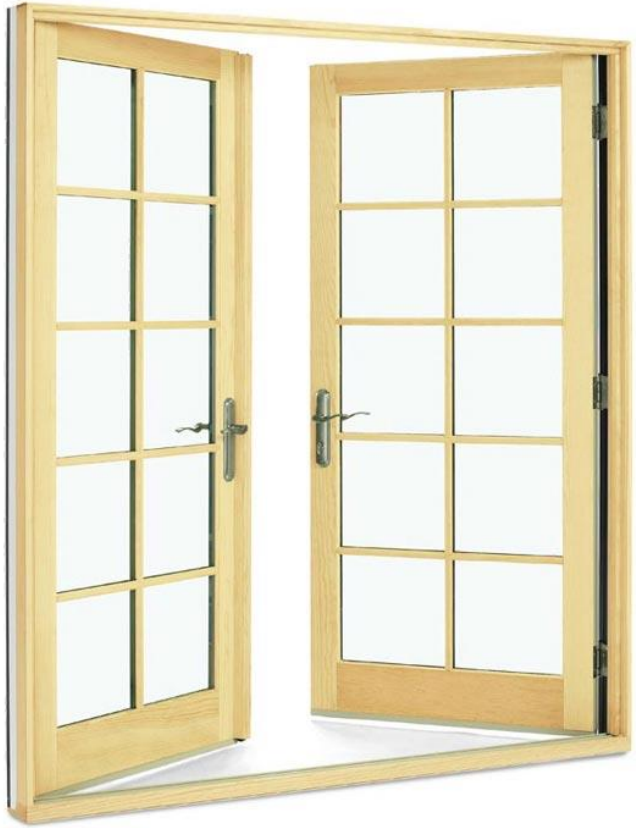

Single Door

A hinged, single entrance into a building or room.

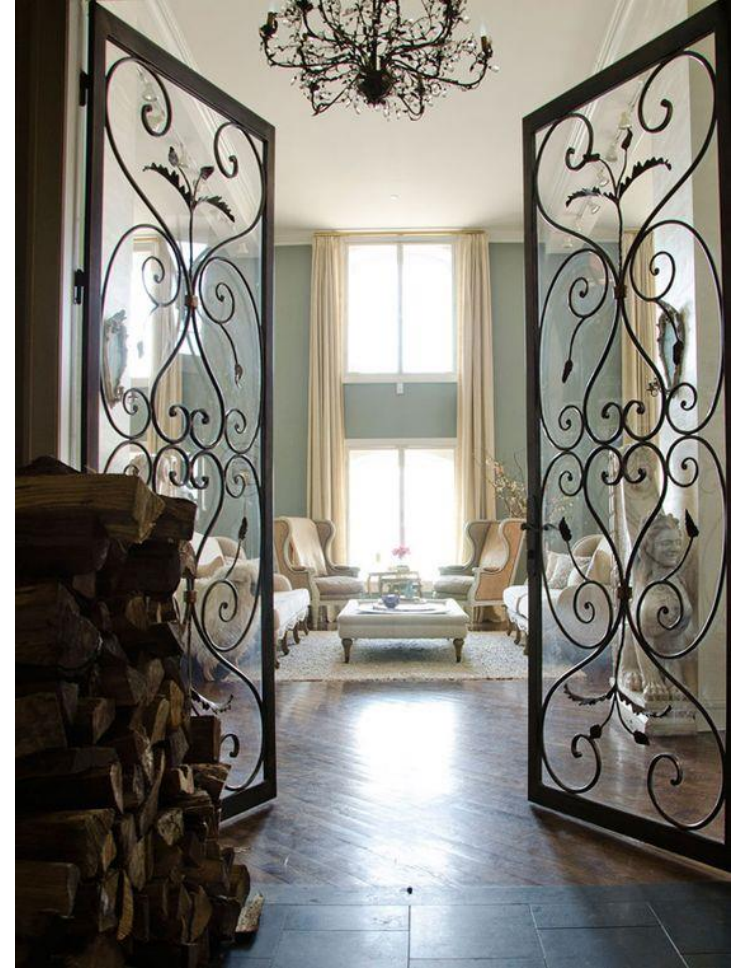

French Door

Double casement-type door that opens in or out with glass panes throughout its length

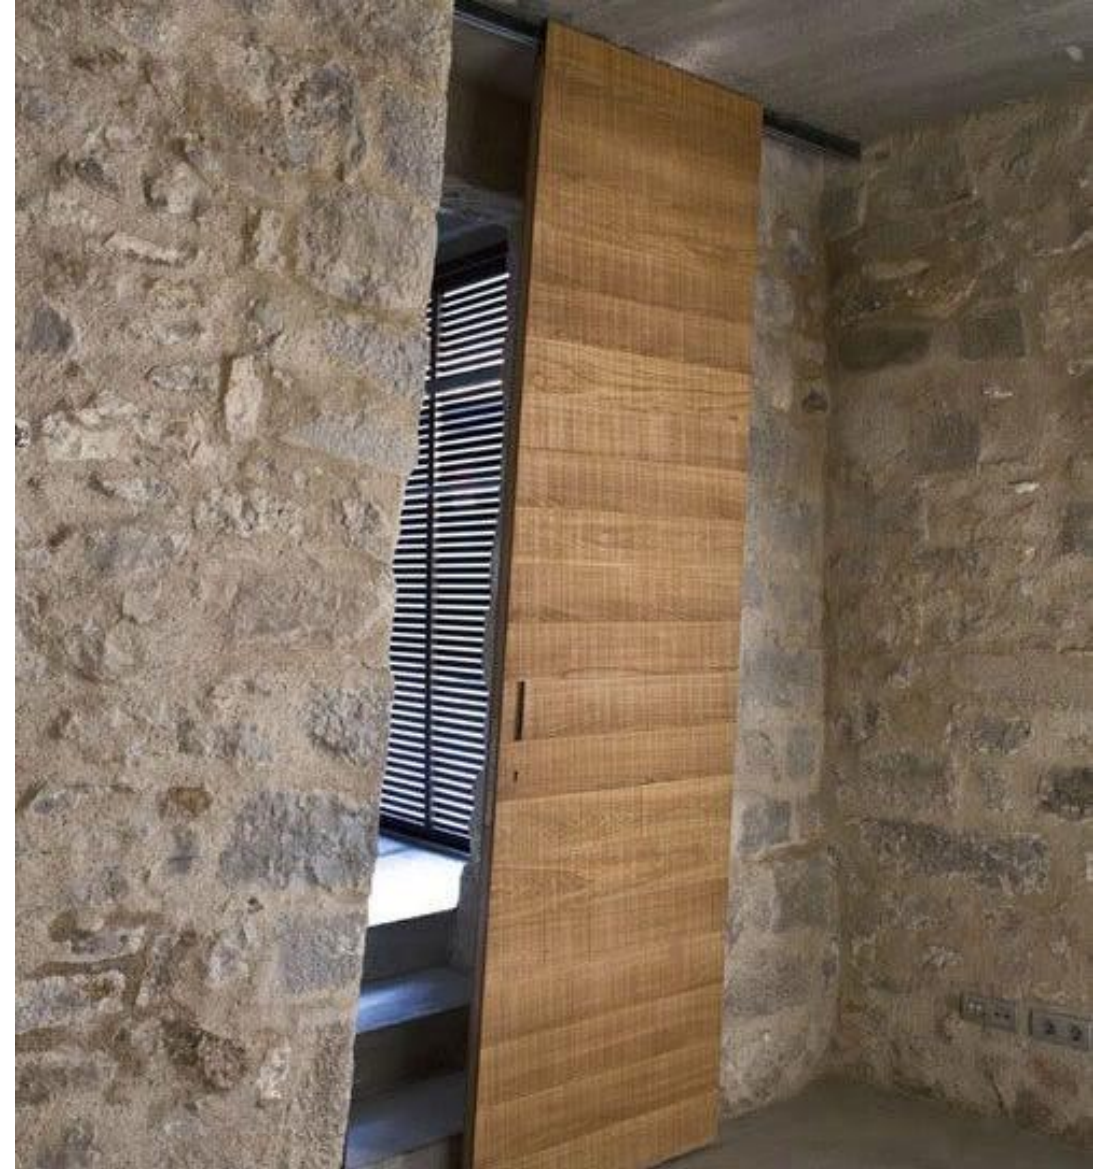

Sliding Door

A door that opens by sliding instead of swinging on a hinge.

Bi-fold Door

- A door with vertical double panels that folds back against itself; frequently used for closet doors.

www.LittleLucyLu.com

Pocket Door

A door that slides into a compartment in the adjoining wall.

Assignment: Smash Books

1

In the notebook that Hobbs provided you write down all of the door styles with an explanation of each style.

2

Hint: use your notes 😊

3

Cut out the picture of each door style from the handout provided and paste on the paper next to the explanation.

4

Draw a sketch next to the picture you pasted. Draw this as nicely as possible. It doesn't have to be a work of art but it also doesn't need to look like garbage.

Assignment Part II

- See how many different types of doors you have in your house.
- There are 5 different window styles that we discussed. Find as many as you can.
- Take a photo of each door that you find.
- Put the different styles that you take pictures of into a PowerPoint presentation.
- Title each slide the type of window that is in the picture.
- Email the finished PowerPoint to me MHOBBS@dsdmail.net
